Areas of Expertise

- Databases
    - SQL Server
    - mySQL
    - Complex Query Writing
    - Familiarity RESTFUL APIs for IOS / Android Apps

- Development
    - Have great experience of Node, C# for API(s)
    - Powerful Hands on Crystal Reports / RDLC Reports for both web and desktop apps
    - Third Party SDKs Configruation

- .Web Front End Development
    - Have good experience of Javascript / CSS / and HTML5
    - Third party libraries such as JQuery, Bootstrap etc

- Server Deployment
    - Have good experience of Configuring Windows Based Servers
    - Configuring SQL Servers
    - Configuring IIS Servers
    - CPanel, Node Project Hosting with mySQL etc.
    - Plesk, ASP Hosting with MS SQL server etc.
    - Software Testing

Skills

- **Technology Skills**
  - Tools and Technologies – SQL Management Studio, mySQL Workbench, Visual Studio, Android Studio, IIS
  - Programming Languages – C#, Android Java, C, C++
  - Web Services –Rest, SOAP
  - Parsing Technique – JSON Parsing and XML Parsing
  - Databases – SQL Server, mySQL

- **Soft Skills**
  - Communications, teamwork, organization, sense of urgency, leadership, fiscal responsibility, knowledge to design and implement innovative and efficient technical business solutions

Employment
